PRCS Report Update

From Saturday, October 7, 2023, at 06:00 AM

Until Monday, October 30th, 2023, at 11:00 AM

According to PRCS's president announcement, PRCS declared a state of emergency at the highest level in both Gaza Strip and the West Bank where the national society operates to fullest humanitarian and resource capacity for the 24th day on the row.

Gaza Strip:

- Israeli forces renewed their explicit threat to evacuate Al-Quds hospital and PRCS's HQ in Tel Al-Hawa neighborhood in western Gaza. They demanded the evacuation of more than 14,000 displaced individuals, additionally, multiple residential towers adjacent to the hospital from the eastern side. Nevertheless, Al-Quds hospital continues to provide its services to the wounded, injured, and displaced individual's due to its national and humanitarian duty, despite the Israeli occupation's threat to evacuate the hospital. The surrounding area of the hospital and the main headquarters continues to face severe targeting and shelling.
- The Israeli forces continue to carry out intense airstrikes across the Gaza Strip, targeting towers, industrial and vital facilities, residential buildings with their inhabitants, mosques, churches, main streets, and civilian populations in various areas of the southern provinces. This has resulted in a high number of casualties, with the majority being children and women, and extensive destruction of infrastructure, leading to civilians seeking refuge for safety.
- The ministry of health confirmed that the targeting of the healthcare system has damaged 57 health facilities, resulted in the deaths of 116 medical staff, destroyed 25 ambulances, rendering them inoperable.
- Additionally, the ministry of health reported that 12 hospitals and 32 health centers have gone out of service due to Israeli targeting and the depletion of medical equipment and fuel.
- Official data states that 35 journalists have been killed as a direct result of the aggression since the beginning of the conflict.
- There have been reports of Israeli forces targeting civilians with internationally prohibited bombs in multiple locations in northern Gaza.
- The ministry of health has confirmed that the continuation of the medical aid drip-feed policy does not support the healthcare system and leads to further casualties. The immediate entry of fuel to all hospitals is crucial to saving the lives of thousands of injured and ill patients who require life- saving services.
- Official sources received approximately 2,000 reports of missing persons under the rubble, including more than 1,020 children.

Gaza Strip:

The Emergency medical services continue to operate at their highest capacity in response to the ongoing events. The number of ambulances operating reached (30), with (114) paramedics, drivers, first responders, volunteers and management.

Statistics on emergency events until 30.10.2023 at 11:00					
Statistics of cases PRCS dealt with					
Martyrs	Injuries	Total	Al Quds Hospital	Al Amal Hospital	Total
2545	7532	10077	918	782	1700
Official Statistics till 11:00					
Martyrs	Injuries	Total	Total demolition	Severe damage	Partial damage
8,005	20,242	28,247	32,000	200,000	189
Martyr: 3324 children, 2062 women, 460elderlies.			These statistics remain preliminary due to the unfortunate fact that the numbers may increase from the missing people under the rubble.		

Operations Room

Escalation statistics:

West Bank & Jerusalem:

PRCS's emergency teams in all West Bank governorates, including Jerusalem, have dealt with (44) fatalities and (2150) injuries since Saturday, October 7th 2023, up to Monday, October 30th 2023 at 11:00 AM. PRCS's teams dealt with (50) injuries, including (2) fatality on Monday, October 30th 2023.

Gov.	Martyr	Live bullet transfer	Gas-field	Shrapnel transfer	Fall & burns Transfer	Panic	Physical violence Field	Vehicular hit	Total
Jenin	2	3	12	1	1	25		1	
Nablus		1		1					
Bethlehem		3							
Hebron							2		
Total	2	7	12	2	1	25	2	1	52

Violations against PRCS services:

Gaza Strip: Since the beginning of the Israeli military attack on the Gaza Strip and the declaration of the state of war on October 7th 2023, (22) violations against the teams and PRCS's premises have been recorded. These violations resulted to the martyrdom of (4) paramedics, the injury of (16) paramedics, damage to (11) ambulances, and significant damage to the NS HQ in the northern Gaza Strip, as well as damage to the emergency operations room.

West Bank: Since Saturday, October 7th, 2023, the Palestine Red Crescent Society- PRCS teams have faced numerous challenges and violations, with (95) incidents resulting to documenting (100) violations.

Occupied Jerusalem: Since Saturday, October 7th, 2023, the Palestine Red Crescent Society- PRCS teams have also encountered several challenges and violations, with (3) violation incidents documented.

The displacement of citizens in Gaza Strip:

- Since the beginning of the escalation, PRCS's HQ, Al-Quds hospital, Khan younis branch, and Al-Amal hospital have witnessed the displacement of thousands of citizens seeking refuge. This is due to the continued threats by the Israeli occupation forces to target civilian homes. The two HQs are experiencing extreme

Operations Room

overcrowding beyond their capacity, with hundreds of displaced individuals sleeping at the entrance of the facilities, administrative offices, and patient rooms. The estimated number of displaced citizens at the PRCS's premises in Gaza and Khan younis is over 20,000 with 14,000 in Gaza HQ, and 6,000 in Khan younis

branch. This increase in the number of displaced individuals is due to the escalating Israeli threats, with the latest displacement of more than 2000 citizens due to ongoing attacks and the destruction of homes in Tel Al-Hawa neighborhood near the hospital. It's worth noting that there is an increase in the number of displaced individuals at by around 2,000 compared to daytime.

- A significant number of citizens have been displaced from border area in the governorates to the middle cities, either to shelter centers or with host families. UNRWA announced that its centers have received more than 400,000 displaced individuals. Furthermore, official sources have reported an increase in the number of displaced individuals to over 1.4 million in various areas.
- Israeli targeting has also affected schools, with the occupation taking 19 schools out of service due to severe damage. Furthermore, 160 schools have suffered varying degrees of damage, exacerbating the suffering and overcrowding of the displaced individuals in shelter centers.

Gaza strip: due to the threats from occupying forces to target civilians, the provision of immediate field relief services in the governorates of Gaza and North Gaza was impeded. Relief services were limited to providing assistance to internally displaced persons at PRCS's premises (Al-Nour city and Al-Amal city), the hospitals, and shelter centers.

Operations Room

Disaster Risk Management Interventions:

West Bank and Jerusalem:

The disaster risk management provided relief items to Gaza workers who were relocated by occupying forces from their workplaces in the occupied territories to the West Bank governorates, Ramalah and Al-Bireh, Tubas, Qalqiliya, Nablus, Jerusalem and Jenin. Relief items included mattresses, blankets, hygiene kits, kitchen kits, and towels for a total of (405) individuals.

As in today, the response team at Bani Naim branch conducted a rapid assessment for (3) of the affected families including (17) members in the Shu'ab Al-Batm, Masafer Yatta area due to settlers' attack on their residential tents and destruction of their property.

Community Work Department, Gaza Strip: the community awareness committees provided their services since the begging of the escalation for 58,618 persons.

Psychological Health Interventions in the Gaza Strip: since the beginning of the escalation the PSS teams in the strip provided MHPSS to 8699 persons.

West Bank: the psychosocial health department provided its services to 'Gaza workers who were relocated by occupying forces to West Bank governorates'. The total number of beneficiaries in shelter centers was 3097. Additionally, a daily sponsored informational post on social media reached a total of 59,151 views

- dissemination of informative awareness messages and PFA.
- psychological support during times of war and crises.
- supply of assistive devices through the rehabilitation department.
- Daily guidance posts on social media platforms.

Youth and Volunteers, Gaza Strip: the volunteers have been continuing their work since the first moments PRCS declared the state of emergency, the operational capacity of the volunteers for today have reached 122 volunteers who have been delegated across all operational departments and responses.
