According to PRCS's president announcement, PRCS declared a state of emergency at the highest level in both Gaza Strip and the West Bank where the national society operates to fullest humanitarian and resource capacity for the 18th day on the row.

Latest Update:**Gaza Strip:**

- The Israeli occupation forces targeted 3 inhabited houses near Al-Amal hospital and PRCS's branch in Khan Younis throughout the day, resulting in the tragic loss of dozens of civilians. Among the casualties were 2 displaced individuals who were present outside the shelter facility, martyred in the attack, Mohammed Salah Daloul and Anas Iyad Mohammed Al-Muqadma. Additional, one of the first responders was injured due to the crowd reaction to the targeting when shrapnel fell at the entrance of the hospital. Damage to the building was also caused, dispersing dust within the hospital, causing fear and panic among the displaced people. Dozens of casualties were transported to Al-Amal hospital, which received 3 martyrs and 50 injuries simultaneously, which exceeds the hospitals' capacity.
- Due to the increasing number of casualties and martyrs as a result of Israeli targeting in Khan Younis, a medical tent (triage for the injured) was set up in front of the emergency entrance of Al-Amal hospital this evening.
- Al-Amal hospital in collaboration with the blood bank association, organized a blood donation campaign for the benefit of the wounded during the Israeli aggression on Gaza.
- The ministry of health announced today a complete collapse of healthcare services in all hospitals in the southern governorates due to the ongoing targeting of all aspects of life in the Gaza Strip.
- Al-Quds hospital continues to provide its services to the wounded, injured, and displaced individuals out of its national and humanitarian duty, despite the Israeli occupation's threat to evacuate the hospital and the intense targeting and bombardment of the surrounding area and its main headquarters.
- The Israeli occupation forces continue their intense airstrikes across the strip, targeting towers, industrial and vital facilities, residential buildings with their inhabitants' mosques, churches, main streets, and civilian population in various southern governorates. This has resulted in a significant number of casualties, mostly among children and women, and intensive infrastructure damage, in addition to civilians being displaced in search of safety.
- The numbers of casualties among healthcare workers has reached 57 martyrs, including doctors, paramedics, and nurses, up to this moment.

- The officials have received 1500 notification of missing individuals under the rubble, including 830 are children.
- According to the ministry of health has confirmed the closure of 12 hospitals and 32 health centers due to Israeli targeting, fuel shortage, and medical resources depletion.
- Israeli occupying forces targeted two populated houses near Al-Amal hospital and PRCS's Branch in Khan Younis today. These houses shelter more than 4000 displaced individuals from the northern and central areas of Gaza. This attack led to the dispersion of dust within the hospital, causing fear and panic among the displaced people, which received three martyrs and over 50 injuries simultaneously, surpassing the hospital's capacity.

These violations resulted to the martyrdom of (4) paramedics, the injury of (5) paramedics, damage to (9) ambulances, and significant damage to the NS HQ in the northern Gaza Strip, as well as damage to the emergency operations room.

West Bank: Since Saturday, October 7th, 2023, the Palestine Red Crescent Society- PRCS teams have faced numerous challenges and violations, with (62) documented violation incidents.

Occupied Jerusalem: Since Saturday, October 7th, 2023, the Palestine Red Crescent Society- PRCS teams have also encountered several challenges and violations, with (3) violation incidents documented.

The displacement of citizens in Gaza Strip:

- Since the beginning of the escalation, PRCS's HQ, Al-Quds hospital, Khan younis branch, and Al-Amal hospital have witnessed the displacement of thousands of citizens seeking refuge. This is due to the continued threats by the Israeli occupation forces to target civilian homes. The two HQs are experiencing extreme overcrowding beyond their capacity, with hundreds of displaced individuals sleeping at the entrance of the facilities, administrative offices, and patient rooms. The estimated number of displaced citizens at the PRCS's premises in Gaza and Khan younis is over 13000, with 9000 in Gaza HQ, and 4000 in Khan younis branch. This increase in the number of displaced individuals is due to the escalating Israeli threats, with the latest displacement of more than 2000 citizens due to ongoing attacks and the destruction of homes in Tel Al-Hawa neighborhood near the hospital. It's worth noting that there is an increase in the number of displaced individuals at by around 1000 compared to daytime.
- A significant number of citizens have been displaced from border area in the governorates to the middle cities, either to shelter centers or with host families. UNRWA announced that its centers have received more than 400,000 displaced individuals. Furthermore, official sources have reported an increase in the number of displaced individuals to over 1.4 million in various areas.
- Israeli targeting has also affected schools, with the occupation taking 19 schools out of service due to severe damage. Furthermore, 160 schools have suffered varying degrees of damage, exacerbating the suffering and overcrowding of the displaced individuals in shelter centers.

Disaster Risk Management Interventions:

Gaza strip: due to the threats from occupying forces to target civilians, the provision of immediate field relief services in the governorates of Gaza and North Gaza was impeded. Relief services were limited to providing assistance to internally displaced persons at PRCS's premises (Al-Nour city and Al-Amal city), the hospitals, and shelter centers.

Disaster Risk Management distributed non-food relief items as follow:
